

Support Affordable Housing

November is Housing Month - a great time to remember the importance of safe, affordable housing for everyone, and how people can face many challenges trying to find a place to call home.

GEF Seniors Housing provides friendly, affordable and secure housing and services for more than **3,800 low-to moderate-income seniors** in Edmonton. We provide more than just a roof over their heads. We are firmly committed to positively contributing to the quality of life of each senior who make a GEF community their home.

We are working hard to offer more affordable housing options for Edmonton seniors. Our Lauderdale Homes redevelopment will turn 12 stand-alone duplex units into a new, 37-unit community that is senior friendly, pet friendly and environmentally friendly.

#YEGHousingMonth is an annual campaign that seeks to highlight and raise awareness of the need for safe, affordable housing and sustainable strategies to end homelessness in our city. Help support the efforts of the agencies, organizations and people that strive to address the issues of homelessness and need for affordable housing in our community, with a focus on finding long-term solutions. Head to [housingmonth.ca](https://www.housingmonth.ca) to find out more information and what you can do to help!

At GEF, the need is always there. We strive to create more communities so we can offer more affordable housing options in our city. To achieve this, we need your help. Please click the link to our website to find out why donating today will improve the lives of our seniors now and in the future!
